Blanchester High School Welcomes YOU!

Dear Blanchester Student and Parent:

Welcome to a new school year at Blanchester High School. Use this handbook as a resource and guide. You will find the information on the following pages helpful in answering questions you may have about the operation and instructional programs at Blanchester High School.

Part of the high school educational experience is to develop respect, self-discipline, and good citizenship. The rules, procedures, and guidelines presented here as reasonable expectations, which if followed, will afford each student the opportunity to have a productive and enjoyable high school career in a setting conducive to learning.

We ask that all students and parents read this handbook carefully and thoroughly. Upperclassmen will find some changes in policies and procedures; freshmen and new students will find opportunities and requirements different from those at the schools they have previously attended. How you conduct yourself in school, on buses, and at co-curricular activities and extra-curricular events will have an effect on your success this year.

You are encouraged to become familiar with the facilities, rules, schedules, and organizations. Make every effort to know your faculty and to meet new friends. By taking part in all that Blanchester High School has to offer, you are helping to preserve the spirit of B.H.S. and to develop memories and relationships that will last a lifetime. Blanchester Pride lasts forever.

Our A, B, C formula for student success:

A - Attend - Be in school and on time every scheduled day.

B - Behave - Respect the rights of others.

C - Complete all assignments Always do your best.

You are guaranteed success if you adhere to these A, B, C's - not only at B.H.S., but also in all of life's undertakings.

Chris Smith
Principal

Mrs. Pandy McCarty
Assistant Principal

About This Agenda Book

Each student has been issued a student agenda book. This handbook was purchased with school funds and is the property of the school. It is mandatory that each student carries his/her own book at all times and maintains it in good condition. Students who lose their book, or have it damaged or stolen, may be required to pay a replacement fee of \$10 and may have to wait to receive their replacement. Two pages of hall passes are included, one page for each semester. No other hall passes will be issued. Students in the hall without a signed agenda will receive an after school detention. Do not deface or place any inappropriate material in your agenda book or you will be assigned a four hour Friday Night School or disciplinary action.

We encourage you to talk with our staff and work with us as a team to improve our services. We will make every effort to keep you informed of your child's progress, but if you have concerns or questions, do not hesitate to share them with us. EQUAL EDUCATIONAL OPPORTUNITY (TITLE IX) – (RF-BBP:JB)

It is the policy of this district to provide an equal educational opportunity. No student in Blanchester High School shall, on the basis of race, gender, disability, religion, ancestry, national origin, social/economic background or marital/parent status be excluded from or denied enrollment in any academic activity or course offerings.

Any person who believes they have been discriminated against has the right to file a complaint. A formal complaint can be made in writing to the School District's Compliance Officer listed below:

Mr. Dean Lynch, Superintendent

The complaint will be investigated and a response, in writing, will be given to the concerned person within 10 days. The Compliance Officer can provide additional information concerning access to equal educational opportunity. Under no circumstances will the district threaten or retaliate anyone who raises or files a complaint.

INDIVIDUALS WITH DISABILITIES

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provided that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but all individuals who have access to the district's program and facilities.

The Blanchester Local School District provides a variety of Special Education programs and services. The education of ALL Handicapped Children Act of 1975 gives each handicapped student the right to a free, appropriate public education on an individualized education plan developed in consultation with the parent.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in the procedure is required. More importantly, the school wants the parent to be an active participant. To inquire about the procedure or programs, a parent should contact the student's guidance counselor.

Parents who believe their child may have a disability that substantially limits major life activities of their child should contact the principal or a guidance counselor.

EXPECTATIONS

A major component of the educational program at Blanchester High School is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards. Each student shall be expected to:

1. Abide by national, state, and local laws as well as the rules of the school.
2. Respect the civil rights of others.
3. Act courteously to adults and fellow students.
4. Be prompt to school and attentive in class.
5. Work cooperatively with others when involved in accomplishing a common goal regardless of ability, gender, race, or ethnic background.
6. Complete assigned task on time and as directed.
7. Help maintain a school environment that is safe, friendly, and productive.
8. Act at all times in a manner that reflects pride in self, family, and in the school.

RIGHTS AND RESPONSIBILITIES – (RF – ORC Section 5104.38)

All students have a right to an education. That right carries with it responsibilities primarily, to respect the rights of others.

Students attending Blanchester High School have a right to reasonable treatment from the school and its employees. The school in turn has a right to expect reasonable behavior from students.

One of the primary goals of our school is to provide a safe and orderly environment. This goal places learning as a top priority; nothing shall interfere. History has shown that certain student actions are not compatible with the words “safe” and “orderly.” The code of conduct within this handbook was adopted by the Blanchester Board of Education. It describes the types of misconduct that will subject a student to disciplinary actions.

By law, Blanchester’s administrators and staff are granted the responsibility of “in loco parentis.” Blanchester’s administrators and staff have the right to expect respect, cooperation and consideration of their students at all times. Students are considered under the jurisdiction of the school while on school property, on buses, or at any school sponsored activities, away sporting events, contest, trips, etc.

Freedom carries not only privileges but also responsibilities for all concerned.

STUDENT WELL BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as crisis drills, fire drills, tornado drills, and accident reporting procedures. **Should a student be aware of any dangerous situation or accident, he/she must notify any staff person immediately.**

State law requires that all students must have an emergency medical form completed, signed by a parent or guardian, and on file in the school office. A student may be excluded from school until this requirement has been fulfilled.

In addition to the normal crisis preparation and plans, the building is now equipped with security cameras. Students, staff, parents and visitors need to be aware that security cameras are throughout the building that record voice and video 24 hours a day. This will make our building more safe and secure. This video can be used for disciplinary action.

BULLYING – (RF-BBP:JFCF)

Bullying is an intentional act of aggression causing embarrassment, pain, or discomfort to another person. **It is a consistent pattern** of disrespect of one or more students by another. It is an abuse of power, which can take many forms, both verbal and non-verbal. Bullying may constitute grounds for ANY level of disciplinary action. Any form of bullying will NOT be tolerated at Blanchester High School. Please contact the building administrator with any concerns or questions.

This also includes cyberbullying. Cyberbullying is the use of the Internet and related technologies to harm other people, in a deliberate, **repeated**, and hostile manner. Cyberbullying includes but is not limited to social networking, blogs, instant messages (IMs), E-mail, chat rooms, text messaging, cell phone photo messages

WITHDRAWAL

Where it becomes necessary for a student to withdraw from school, the student’s parent must notify Mrs. Flora in the office of the Board of Education.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school’s emergency procedure.

A student who becomes ill during the school day should *request permission from the teacher to go to the office*. The office will call the parent to help determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

MEDICATION

When possible, all medication should be given by the parent(s) at home. If this is not possible, medication(s) (prescription and over the counter medications) may be administered to students during school hours only under the following conditions. The medication(s) to be given must be delivered to the principal’s office/principal designee in the original container immediately upon arrival at school where it will be secured. The medication must be accompanied with a written request of the parent and a written statement by the prescribing physician that includes: the name and address of the student, the school and class of the student, the name of the medication, the dose of the medication, the time the medication is to be given, the dates when administration is to begin and end, any severe reactions that should be reported to the physician the physician phone number, and any special instructions

for administration of the drug. The form is available in the office when needed.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

LOST AND FOUND

Any article of clothing or personal items found around the school should be turned into the school office and placed in the lost and found department. Items not claimed within a reasonable length of time will be given away. If a student loses something, he should report this loss immediately.

SCHOOL FEES

Students enrolled in Blanchester Local Schools will be furnished basic textbooks without cost; however, a fee for consumable materials and supplies used in the instructional program will be established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates. Such fees are to be deposited in the operating funds of the board to defray the cost of the materials and supplies. The following should be noted about school fees:

1. Due to the schedule changes the first 10 days school is in session, fees will not be collected until a fee schedule is issued (sometime in September) in the High School.
2. Payments can be made if needed. See Mrs. Slocum for details.
3. All students will receive a receipt within 24 hours of when the money is deposited at the office (per the treasurer's office).
4. Any returned checks from the bank because of insufficient funds or closed accounts will result in an automatic charge to the originator of the check.
5. A list of school fees are available upon request.

VISITORS TO SCHOOL

The Blanchester High School and local Board of Education encourage parents and other citizens of the district to visit classrooms to observe the work of the schools and to learn what the schools are doing.

To assure that no unauthorized persons enter buildings, all visitors to school will report to the school office when entering to receive authorization before visiting elsewhere in the building. (This policy does not apply to an assembly program.)

Unauthorized persons will not be permitted in school buildings or on school grounds. School principals are authorized to take appropriate action to prevent such persons from entering buildings and loitering on grounds.

Should you want to speak to a particular teacher, please call in advance so that the appointment can be made at a time when the teacher is not in class.

TRESPASSING

Although schools are public facilities, the law does allow the school to restrict access to school property. When a student has been removed, suspended, expelled or permanently excluded, the student is not allowed on school property without authorization of the principal. If this is violated, the proper authorities may be notified and charges may be filed. This also applies to all individuals who have been sent written notification that they are unauthorized individuals.

BUILDING CARE AND USE

The school facilities and equipment are provided by tax money paid by the general public. It is the responsibility of the teachers and students to use properly the facilities and equipment. The students' parents are financially responsible by law for any damage caused by the students.

You must endeavor to take extra good care of school property, furniture, walls, bulletin boards, posters, etc.

Students are to leave the school building at the conclusion of the school day unless they are taking part in a school sponsored activity. The weight room, gymnasium, and all other areas of the building are to be used only under the direct supervision of a faculty sponsor. Students consistently violating this rule may be denied privileges or given other disciplinary assignments.

The gates or doors separating the academic area of the building from the auditoria and gymnasium will generally be closed at **3:30 p.m.** Students should plan for this in getting needed items from their lockers before this time.

WORK PERMITS

Age and Schooling Certificates may be obtained from the high school office. If you are between the ages of 14 and 18 and wishing to work part

time, a work permit is required. By law, employment must be approved prior to issuing of work permit. Upon completion of the packet of forms, please return them to Mrs. Wallace in the high school office. Work permits will be ready for pick up 24 hours after they are submitted.

BOOKS

The books issued to students by each classroom teacher are Board of Education property and must be handled with care. There will be a fee to be paid for rebinding or replacement if books are damaged or lost.

FIRE /TORNADO/CRISIS DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with state law. Specific instruction on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the State. The alarm system for tornadoes is different from the alarm system for fires.

Upon completion of the drill, students are to return immediately to their classrooms.

MEAL SERVICE

The school participates in the National School Lunch Program and makes lunches available to students for a fee. Students may also bring their own lunches to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific written permission granted by the principal or designee.

Each student is assigned one and only one lunch period. All students are expected to eat in the cafeteria. **NO FOOD OR DRINK IS TO BE TAKEN INTO THE HALLS, CLASSROOMS, OR GYM AREAS** without permission of the building principal.

Applications for the school's Free and Reduced Lunch Program are distributed to all students. If a student does not receive one and believes that he/she is eligible, contact the high school office.

STUDENT LOCKERS

Each student will be assigned a locker. All high school lockers are supplied with built-in combination locks. The combination will be given to the student at the beginning of the year. Students should keep their combinations confidential. Once a student is assigned a locker, he or she will keep the same locker until graduation.

Students are not to use any locker other than the one assigned to them. Students are responsible for all items stored in the locker assigned. Make sure all items stored within lockers do not violate the school rules.

Blanchester High School cannot accept responsibility for personal items that are misplaced or stolen. Students are expected to keep their locker in a clean and sanitary manner. Locker upkeep is the responsibility of the student, and the student may be fined for any damage done to lockers. All locker problems are to be reported to the office. **Any student that knowingly changes the normal operation of his/her locker will have disciplinary action taken against them.** Student's hall locker and gym/athletic locker should be cleared of all items at the end of the school year. Summer maintenance starts immediately after school is over, and your items may be disposed of at that time.

Lockers are the property of Blanchester Schools and are subject to search at any time.

STUDENT RIGHTS AND RESPONSIBILITIES - (RF-BBP:JF)

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teacher directions and obey all school rules. Disciplinary procedures are designed to insure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis as needed when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the mail or hand delivery may be used to insure contact. Parents are encouraged to build a two-way link with their student's teachers and support staff by informing the staff of suggestions or concerns that may help their children better accomplish their education goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and is prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the principal, assistant principal or his/her guidance counselor.

Adult students (age 18 or older) are expected to follow all school rules. If residing at home, adult students should include their parents in their educational program. Adult students who are self-supporting still need to follow school rules and need to provide the requested proof of being self-supportive on a monthly basis.

STUDENT EXPECTATIONS

A good education entails a balance for each student among the academic, social, personal, and vocational aspects of schooling.

The academic core should involve each student in a systematic (K - 12) encounter with the major disciplines (knowledge) that are designed to inform, enlighten, and stimulate thought.

As such, the academic core extends well beyond the basics and is believed to be the foundation for all the social, personal and vocational functions of schooling.

Therefore, we believe that all students should be encouraged to study as much English/language arts, mathematics, science, foreign language and social studies as is possible through the twelfth grade and fit in as many of the following areas of study time and common sense suggest: business, fine arts, home economics, physical education, vocational courses and extracurricular activities.

To assist you in your studies, it is **required** that you:

1. Complete and turn in all homework assignments on time.
2. Report to class on time and be prepared for learning with books, pencils or pens, paper and other needed items.
3. Complete all make up work within the time allotted by the attendance regulations.
4. Give a good effort in all your classes.

Corrective measures will be taken, if needed, to encourage students to take full benefit of the learning opportunities provided to them by the citizens of the Blanchester Local School District.

STUDENT RECORDS – (RF-BBP:JD)

The teachers, counselors, and administrative staff keep many student records. There are two basic kinds of records - directory information and confidential records. Directory information can be given to any person or organization for non-profit making purposes when requested, unless the parents of the student restrict the information, in writing to the principal. Directory information includes: *A student's name; address; telephone number; date of birth; photograph; major field of study; participation in officially-recognized activities and sports; awards received; honor rolls. Weight, height and other statistics related to the sport may be included for sports activities.*

Confidential records contain educational and behavioral information that has restricted access based on the Family Education Rights and Privacy Act (FERPA) and Ohio law. This information can only be released with the written consent of the parents, the adult student, or a surrogate. The only exception to this is to comply with State and Federal laws that may require release without consent.

Included in the confidential record may be test scores, psychological reports, behavioral data, disciplinary actions and communications with the family and outside service providers. The school must have the parents' written consent to obtain records from an outside professional or agency. Confidential information that is in a student's record that originates from an outside professional or agency may be released to the parent through the originator and parents should keep copies of such records for their home file. Parents may also provide the school with copies of records made by non-school professional agencies or individuals.

Information on former students also falls into directory and confidential information categories and will be made available on the same basis as enrolled students.

Students and parents have the right to review all educational records generated by the school district, request amendment to these records, insert addendum to records, and obtain copies of such records desired. Copying cost may be charged to the requestor. If a review of records is wanted, please contact the guidance counselor, in writing, stating the records desired. The records will be collected and an appointment will be made with the appropriate persons present to answer any questions.

USE OF THE MEDIA CENTER

The library has been established to serve the students. It provides materials, equipment, and space, which will aid the student in achieving success in his/her school assignments. It also provides materials for recreational reading and serves as a fact-finding center in other areas of student interest. Students that are sent to the media center must have a pass from his/her teacher in their agenda book in the daily calendar section.

In order to serve the interest of all students, guidelines have been established which seek to provide effective service. These guidelines are as follows:

1. The library must be kept quiet. An occasional softly spoken word about the work being done will be permitted, but the library is not a visiting place.
2. Chairs and tables are not to be moved.

3. Books are checked out for two weeks, unless otherwise indicated.
4. Students will be charged a fine of ten cents (\$.10) per book per day for over due books. If the fine exceeds the replacement cost of the book, the student will pay only the replacement cost.
5. No books may be taken out while a fine is owed.
6. Magazines and newspapers, as well as books, are not to be defaced by marking, tearing, or cutting.
7. All books are to be returned to the counter.
8. Only librarians are permitted in the stock and work rooms.
9. A student coming to the library must have a pass, and this must be presented at the circulation desk upon entering the library. Students who do not study or read quietly will be sent back to their respective class or study hall.
10. Books for special assignments will be placed on RESERVE shelf for study within the library. Occasionally these books may be withdrawn overnight only. **Overnight** means withdrawn at the end of the school day, and returned before classes convene the next morning. Failure to return an overnight book will result in a fine of \$.50 per day.
11. Students must use the computer equipment for only academic purposes. The user must report any inadvertent access to any confidential or non-educational files to their teacher or school librarian immediately.
12. Abuse of the library rules will result in denial of the privilege for whatever period of time that seems justified.

COMPUTER/ONLINE SERVICES - (EDE)
(Acceptable Use and Internet Safety)

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks.

Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. Computer networks allow people to interact with many computers; the Internet allows people to interact with hundreds of thousands of networks.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;
2. using profanity, obscenity or other language which may be offensive to another user or intended to harass, intimidate or bully other users;
3. accessing personal social networking websites for non-educational purposes;
4. reposting (forwarding) personal communication without the author's prior consent;
5. copying commercial software and/or other material in violation of copyright law;
6. using the network for financial gain, for commercial activity or for any illegal activity;
7. "hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
8. accessing and/or viewing inappropriate material and
9. downloading of freeware or shareware programs.

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program.

Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors. The District has also purchased monitoring devices which maintain a running log of Internet activity, recording which sites a particular user has visited.

"Harmful to minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion;
2. depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts or a lewd exhibition of genitals and
3. taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Annually, a student who wishes to have computer network and Internet access during the school year must read the acceptable use and Internet safety policy and submit a properly signed agreement form. Students and staff are asked to sign a new agreement each year after reviewing the policies and regulations of the District.

COMPUTER/ONLINE SERVICES (EDE-R) **(Acceptable Use and Internet Safety)**

The following guidelines and procedures shall be complied with by staff, students or community members who are specifically authorized to use the District's computers or online services.

1. Use appropriate language. Do not use profanity, obscenity or other language that may be offensive to other users. Illegal activities are strictly forbidden.
2. Do not reveal your personal home address or phone number or those of other students or colleagues.
3. Note that electronic mail (email) is not guaranteed to be private. Technology coordinators have access to all messages relating to or in support of illegal activities and such activities may be reported to the authorities.
4. Use of the computer and/or network is not for financial gain or for any commercial or illegal activity.
5. The network should not be used in such a way that it disrupts the use of the network by others.
6. All communications and information accessible via the network should be assumed to be property of the District.
7. Rules and regulations of online etiquette are subject to change by the administration.
8. The user in whose name an online service account is issued is responsible for its proper use at all times. Users shall keep personal account numbers and passwords private. They shall use this system only under the account numbers issued by the District.
9. The system shall be used only for purposes related to education or administration. Commercial, political and/or personal use of the system is strictly prohibited. The administration reserves the right to monitor any computer activity and online communications for improper use.
10. Users shall not use the system to encourage the use of drugs, alcohol or tobacco nor shall they promote unethical practices or any activity prohibited by law or Board policy.
11. STUDENT ASSISTANCE PROGRAM

The administration of Blanchester High School recognizes that there are multiple factors that can place a student at-risk for involvement with drugs and alcohol. Since this involvement can significantly impact academic progress and affect the student's quality of life, B.H.S. have given prevention and intervention efforts a priority. The Guidance Office offers the following services:

1 Student Support Groups

Educational small group experience is offered throughout the year. Students are referred and then invited, voluntarily enroll or choose to attend in lieu of disciplinary action. The course of the groups is ten weeks and operates on a rotating schedule. Parents may also refer students. Parental permission is required for group participation. The groups offered include the following: Anger Management, Young Women Issues, Young Men Issues, Student of Solutions and Concerned Persons, Bullying and Harassment. A full description of each group is available in the Student Assistance Office.

2 Individual Support Sessions

This short-term program is designed to support students. Often these sessions (usually 3 to 5) will result in a parent conference designed to

problem solve and/or discuss recommendations for need of professional services outside of school. Participation is always voluntary.

3 Conflict Mediation

Blanchester High School promotes and emphasizes the non-violent resolution of conflicts. The staff incorporates this philosophy into appropriate curriculum areas and a team of teachers and students assists students with resolving conflicts in formal mediation sessions. Peer mediation is used whenever possible, with adult supervision nearby, to allow the students more freedom to express their true feelings but within the restraints of the formal procedure. The administration, staff, peers, parents or self refers students. The end result is to have the participants sign a resolution contract. The mediations help to eliminate distraction from studies and help in creating a safe, secure learning environment.

EMERGENCY SCHOOL CLOSINGS

Severe weather conditions, mechanical failure or other emergency conditions may at times make it necessary for the superintendent to make a one call to notify you of delays or closings. Here are the stations you should listen to for school closing and/or delay announcements:

Television Channels- 5, 9, 12 and 19

Radio Stations- WUBE (105.1 FM) & WLW (700 AM)

PHYSICAL EDUCATION

The following guidelines are to be used:

Ninth grade through twelfth grade are required to change into gym shoes, comfortable, loose-fitting school appropriate clothing (i.e.: no cut off shirts) for physical education class so you can be safe and physically active.

Students failing to dress properly for class three times will be referred to the office for disciplinary action. Starting with the fifth time a student fails to dress out and each time after the fifth he/she will be referred to the office for disciplinary action.

Any health condition, which limits your activity, requires a doctor's note. An alternative assignment will be given to students that present a doctor's note to meet academic requirements.

NATIONAL HONOR SOCIETY

Eligibility for Membership:

Juniors and seniors who have been in attendance at Blanchester High School the equivalent of one full semester may be considered for membership in the Blanchester Chapter of the National Honor Society.

Beginning with the graduating class of 2018, students must meet the following criteria to be nominated for membership in the Blanchester Chapter of the National Honor Society:

- Meet the minimum standard of scholarship of a 3.5 cumulative grade point average at the end of the previous academic year.
- Have taken or be currently enrolled in a total of six honors courses between freshman year and junior year or a total of eight honors courses between freshman and senior year.

Students who are participating in College Credit Plus who meet the above criteria will also be nominated for membership in the Blanchester Chapter of the National Honor Society.

Students who attend the Great Oaks Career Technical Center are not eligible for membership in the Blanchester Chapter of the National Honor Society because they will be eligible for membership in honorary organizations through their Great Oaks Career Tech Centers. Students who meet the above criteria will have the opportunity to accept or decline their nomination to membership in the Blanchester Chapter by signing an acceptance or denial form when information packets are distributed between the beginning of January and the end of February.

Each student who has accepted nomination for membership in the Blanchester Chapter of the National Honor Society must complete and submit a signed candidate form. The Blanchester High School Faculty and the Blanchester High School Faculty Council use this form during the selection process.

Evaluation of Candidates by Faculty:

The Blanchester High School Faculty will evaluate each candidate based upon the information provided on the candidate form and each teacher's experience with the candidate in class and/or in extra-curricular activities.

A five-point scale with five indicating excellent, three indicating average, and one indicating an area for growth will be used to review each candidate in each of the following areas: scholarship, service, leadership, and character. The scholarship score is automatically determined by each candidate's cumulative grade point average:

Beginning with the class of 2018, scholarship points will be awarded as follows:

3.50-3.59 = 3 points

3.60-3.79 = 4 points

3.80-4.00 = 5 points.

Because membership is not based on academic performance alone, the faculty will use a five-point scale to score each candidate on the remaining criteria for membership.

The National Honor Society is seeking excellence in each of the following categories:

- **Service:** This quality is defined as the voluntary contributions made by a student to the school or community, without direct financial or material compensation to the individual performing the service.
- **Leadership:** Student leaders are often viewed as those students who are resourceful, good problem solvers, involved in and promoters of school activities, idea contributors, dependable, and who are both organized and organizers.
- **Character:** The student of good character can be said to be one who upholds principles of morality and ethics; is cooperative and responsible; demonstrates high standards of honesty and reliability; shows courtesy, concern, and respect for others; and is a good citizen.

Selection of New Members:

While scores submitted by the Blanchester High School Faculty inform the faculty council, the final decision for membership in the National Honor Society is determined by a unanimous vote of the Blanchester High School Faculty Council.

The faculty council will review each candidate's faculty evaluations and candidate form. An average faculty evaluation score of 15 will be used as the basis for selecting students to membership in the Blanchester High School National Honor Society.

Neither the faculty council nor the chapter advisor will hear appeals regarding non-selection.

Evaluations submitted by the faculty are confidential documents used to inform the faculty council during the selection process. Neither the evaluation forms nor individual student scores will be released to any party beyond the chapter advisor and members of the faculty council.

All parents of new inductees will be notified of their child's selection to membership. It is our goal to make this a surprise to all new members.

All parents of students who are not selected to membership will be notified at the same time.

HOMEWORK

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework in the high school is also part of the student's preparation for the state test and graduation.

Homework will not generally be used for disciplinary reasons but only to enhance the student's learning. However, homework misses can reflect in lowered grades and/or may result in disciplinary action. *In the case of extended illness (3 or more days), assignments may be **requested** through the guidance office. Please allow a day for this material to be compiled.* It is the responsibility of the student or parent to make arrangements to get these assignments.

GRADES

Blanchester High School has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects and class participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, he/she should ask the teacher.

Nine-week assessments will be administered at the end of each grading period. These assessments will determine 1/3 of the student's grade.

INTERIM REPORTS

Interim reports will be issued at the mid-point of each nine-week grading period (please see school calendar for specific dates). If a student is

failing any subject, it is recommended that parents schedule a conference with the teacher. Parent/teacher conferences can be scheduled through the guidance office.

ATTENDANCE POLICY – (File:JED)

Inasmuch as a student's attendance in class is vital to his/her educational development, and recognizing that much education is obtained through class discussion, recitation, debate and explanation that cannot be gained through make-up efforts, the Blanchester Board of Education sets forth the following regulations and procedures governing attendance:

All students are expected to be in all classes and study halls. Attendance is the legal responsibility of the students and parents/guardians, and the law requires that legal action to be taken against parents/guardians who do not keep their children in school regularly.

Attendance is defined as participation in all activities assigned to a student during the time school is open for instruction. An absence is the failure of a student to report to school or to class when assigned for instruction.

Absence from school is legal for the following reasons under Section 3301-51-13 of the Ohio Administrative Code:

1. **Personal Illness.** The approving authority may require the certificate of a physician if deemed advisable.
2. **Illness in Family.** The absence under this condition shall **not** apply to children under fourteen years of age.
3. **Quarantine of the Home.** The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials.
4. **Death of a Relative.** The absence arising from this condition is limited to a period of **three days** unless a reasonable cause may be shown by the applicant child for a longer absence.
5. **Observance of Religious Holiday.** Any child of any religious faith shall be excused if his absence was for the purpose of observing a religious holiday consistent with his creed or belief. Parent/guardian **must** request approval in advance of the date/dates of the observance.
6. **Other.** Family emergency or set of circumstances, which in the judgment of the administration, constitutes a good sufficient cause for absence from school.

Legal Requirements

Ohio Revised Code, Section 3321.01: All children between ages six (6) and eighteen (18) are of compulsory school age and **MUST** attend school.

Ohio Revised Code, Section 3321.03: It is the parent's responsibility to cause the child to attend school.

**Refer to Ohio Revised Code, Section 3321.01 through 3321.99 for other legal requirements.*

ABSENCE PROCEDURES

1. As a result of the Missing Child Act, the student's parent/guardian is required to contact the school office between 8:00 and 11:00 a.m. on the day of absence.
2. If the school does not hear from the parent/guardian, school officials are obligated to attempt to make contact with a parent/guardian to verify the absence. We will attempt to contact you by phone. If not contacted by phone, a postcard will be mailed to you. The absence will be considered unexcused until **written or phone** confirmation is received.
3. Any student acquiring a total of sixty (60) hours absent (excused or unexcused) for the year (including vacation days), an absence will only be excused by bringing a medical, legal, dental excuse, or with administrative approval. *The student will need this documentation for any absence after the tenth day, including half days and **EVERY** absence thereafter.*
4. Any student that reaches five unexcused absences may have driving privileges revoked.

TARDINESS AND ATTENDANCE

1. Disciplinary action will be given to students in grades 9 through 12 who are tardy to school.
 - 3 tardies during a quarter – 1 hour detention
 - 5 tardies during a semester – 2 hour detention
 - 6 tardies during a semester – 3 hour Friday Night School
 - 7 tardies during a semester – 4 hour Friday Night School
 - 8 tardies during a semester – In School Restriction
2. For the purpose of determining tardiness for half-day attendance, the following guidelines will be used:
 - **Tardiness** – A student is considered tardy to school when signing in less than 60 minutes after the start of the school day or 60 minutes before the end of the school day. If you miss more than 60 minutes and come in late or leave early you will be considered a half day.
 - **Administrative Approved Emergency** - If a student is excused from school as a result of an administrative approved emergency, then the student will be counted as present in school for the full day.

COUNTY WIDE ATTENDANCE POLICY – (File:JED)

I. Goal:

The goal of Blanchester school district is that no student should miss any days of school without legitimate excuse. A significant correlation exists between school attendance and academic and lifelong success. **To help ensure that our students achieve that success, Blanchester school district has joined with all of the school districts in Clinton County in adopting a uniform attendance policy as described below.**

II. Attendance Guidelines

- A. The attendance policy will cover each semester that the student is enrolled;
- B. Each Student will be permitted a maximum of sixty (60) hours of absences per school year without independent verification; i.e. doctor excuse, etc.
- C. Until a student accumulates sixty (60) hours of absences in a school year, a note or a phone call from the parent or guardian will excuse the absence for one of the reasons listed below. If a note or phone call is not provided to the school by the parent or guardian within forty-eight (48) hours, i.e. two business days, of the student's return to school, the absence will be unexcused;

III. Legitimate Excusable Absences

After a student has accumulated sixty (60) hours of absences (excused or unexcused) in a school year, absences will only be excused under the following circumstances:

A. Short Term Personal Illness: For a student who has been absent for sixty (60) hours in a school year, any further absence for personal illness will require a doctor's excuse. **The doctor's excuse must be signed by the doctor and indicate that the student was seen by the doctor personally and state the reason for the student's inability to attend school.** Any absence greater than sixty (60) hours in a school year due to illness that is not accompanied by a doctor's excuse as described above will be unexcused. **A doctor's excuse must be provided to the school within forty-eight (48) hours, i.e. two business days, of the student's return to school or the absence will be unexcused.** If an excuse is not accepted by the school, the original will be returned to the student with a notation as to why it was refused, e.g., excuse not provided within the property time period, excuse not written by a doctor, etc.. A copy of the refused excuse will be maintained in the student's file.

B. Long Term Personal Illness: If the student suffers a long term illness requiring extended absence from school, a doctor's excuse must be provided to the school every twenty (20) school days. The doctor's excuse must indicate that the student was seen personally by the doctor, the reason for the student's continued inability to attend school, and provide specific dates which are to be excused. If an excuse is not accepted by the school, the original will be returned to the student with a notation as to why it was refused, e.g., excuse not provided within the property time period, excuse not written by a doctor, etc.. A copy of the refused excuse will be maintained in the student's file.

C. Chronic Illness: Absences for a chronic medical condition (asthma, migraines, etc.) may be approved in advance by the student's healthcare provider, i.e. physician, nurse practitioner, or physician assistant, without the need for the student to be seen by the healthcare provider. Parents shall obtain this Waiver from the school nurse, administrator, or administrative assistant. Once approved by the healthcare provider and on file with the school, the parent shall provide written documentation for any absence of the specific chronic condition as long as the chronic condition is mentioned in the parent note. The Waiver is valid for August-December and shall be renewed for January-June.

D. Head Lice: Students who are excluded from school due to head lice are allowed fourteen (14) hours of excused absences with two (2) occurrences per year, maximum. Days beyond the fourteen (14) hour limit or days beyond the two (2) permissible occurrences per year are unexcused.

E. Illness or Injury in the Family: Independent verification by a physician explaining the nature and severity of the illness or injury to the family member requiring the student to be absent will be required within forty-eight (48) hours, i.e. two business days, of the student's return to school. If an excuse is not accepted by the school, the original will be returned to the student with a notation as to why it was refused, e.g., excuse not provided within the property time period, excuse not written by a doctor, etc.. A copy of the refused excuse will be maintained in the student's file.

F. Quarantine of the Home: Absences will only be excused for the length of quarantine as determined by health officials. Verification from relevant health officials explaining the nature and length of the quarantine must be submitted within forty-eight (48) hours, i.e. two business days, of the student's return to school. If an excuse is not accepted by the school, the original will be returned to the student with a notation as to why it was refused, e.g., excuse not provided within the property time period, excuse not written by a doctor, etc.. A copy of the refused excuse will be maintained in the student's file.

G. Death in the Family: Three days absence will be permitted, unless a parent or guardian offers a reasonable explanation that more school absences are necessary. The parent or guardian may provide a note to the school to advise the school of the absence, however under certain circumstances, the school may require additional documentation to confirm the student's absence was legitimate i.e. funeral service documentation, etc.

H. Observance of Religious Holidays: Any student shall be excused if his/her absence was for the purpose of observing a religious holiday consistent with his/her truly held beliefs and the parent or guardian has notified the school in writing at least forty-eight (48) hours prior, i.e. two business days, to the absence.

I. College Visits, Take Your Student to Work Day, Job Interviews, Job Shadowing, Armed Services Tests, and Professional Appointments: The total of these absences may not exceed twenty-one (21) hours without the specific approval of the principal or superintendent. Students with excessive absences (thirty-five (35) or more hours in a quarter) may have such absences denied. The absence must receive prior approval by the school and verification of the student's attendance at the activity must be provided to the school within 48 (forty-eight) hours, i.e. two business days, of the student's return to be excused. For events that require absence for part of a day, the student's absence will only be excused for the time necessary to attend the event.

J. Court Appointments: In the instance that the presence of the student is required in a court of law, the absence will be excused if documentation showing that the student's presence was required within forty-eight (48) hours, i.e. two business days, of the student's return to school.

K. Vacations: Vacations shall be excused only if pre-approved by the school principal. Students with excessive absences (thirty-five (35) or more hours in a quarter) may have such absences denied;

L. Other: The school superintendent or principal must approve, at their discretion, the excusal of absences not otherwise covered in this section.

IV. Unexcused Absences

A. Any absence other than those described above.

B. The school administration will make the final determination as to whether an absence is excused, but in general, unexcused absences include, but are not limited to:

- i. If the school does not hear from the parent/guardian, school officials are obligated to attempt to make contact with a parent/guardian to verify the absence. We will attempt to contact you phone. If phone contact is unsuccessful, a postcard will be mailed to you.

Parents are required to plan all vacations to correspond with the school calendar, and school policy (Absence/Failure). In the event that a conflict exists, we ask that the parent contact the principal's office well in advance of the student's possible absence from school. An Educational Option Application form must be filled out and filed with the school's attendance officer before consideration of approval can be granted. ***A student that has ten or more absences may not be granted approval and any days over ten will be considered unexcused.***

An unexcused absence as a result of suspension will result in a grade of 'F'. It is the **student's responsibility** to contact the teacher for make up work. Work not made up will result in a grade of "0".

Note: "F" in grades 6-12 is 59% or their attained grade if below 59%

PROGRESSIVE DISCIPLINE STRUCTURE - (RF-BBP:JG)

One of our goals at Blanchester High School is to assist our students of today to become our responsible citizens of tomorrow.

This means that students need to exercise self-discipline for the good of all. The ability of students to exercise self-control and to pursue acceptable forms of behavior determines the degree of to which school discipline is imposed. When a student fails to use good judgment and makes a poor behavior choice, consequences will result. Disciplinary action will generally be progressive in nature; if an infraction or similar infraction reoccurs, a more severe penalty will be enforced. The administration may repeat and/or omit steps in the process as it relates to specific circumstances as determined by their professional opinion, as to what is fair, consistent and will result in changed behavior or removal. Generally, the penalties for violations of the Student Conduct Code are presented in increasing punitive order. Administrators may assign consequences as determined by the nature of the violation. For example, students who have committed a suspendable offense should not expect a lesser penalty simply because those have not been previously assigned.

DISCIPLINE - (RF-BBP:JG)

The Blanchester Board of Education has established the following penalties in accordance with Ohio Law in regard to infractions of the Student Conduct Code:

- **Detention**

Detention before or after regular school hours may be assigned to a student as a penalty for violation of the Student Conduct Code, violation of classroom rules or refusing to participate in assigned class activities. Detention may be assigned by the teachers and supervision of the detention will be arranged by the assigning teacher. Students will receive notice of the detention and given a copy labeled "for parents" which should be given to their parents immediately upon arrival at home so that transportation arrangements can be made. There will be a minimum of one day's notice between the incident and when detention is to be served. Detentions may not exceed three days duration for a single offense or infraction. Detention will last not longer than two hours per day. It is the student's responsibility to serve the detention on the day and at the place assigned. Detention may be assigned to students who violate school or classroom rules. Usually the detention will be served in the school-wide detention room.

Detention Expectations:

1. Student code of conduct regarding all rules and regulations is in effect.
2. Students are given written notice at least one (1) day in advance in order that parents or legal guardians can arrange transportation.
3. Detention will generally be served on Tuesdays and/or Fridays.

4. One-hour detention is 2:40 p.m. to 3:40 p.m. and two-hour detention is 2:40 p.m. to 4:40p.m.

At the discretion of the principal or assistant principal, the student may be detained on the school premises during the school hours, but denied the opportunity to participate in any regular classes. The student is responsible for all class time and for completing the class work so missed. 2. The student must be given an informal hearing.
3. If the student has been suspended, the parent or guardian must be notified by proof of mailing within twenty-four (24) hours.

Note to the parents: Blanchester Local Schools makes a sincere effort to have disciplinary actions take place that will allow the student to return to school.

If a disciplinary action does not result in removal from school, it cannot be appealed. Should students or parents have questions regarding the propriety of an in-school disciplinary action, they should contact the principal.

ALTERNATIVES TO DISCIPLINARY MEASURES – (RF:BBP:JG)

- **Rehabilitation**

Mandatory attendance in a drug treatment program may be substituted by the administration for suspension or expulsion.

- **Alternate Placement**

A student in unusual circumstances may have an alternate placement in place of suspension or expulsion. This would be in a more restrictive environment or a less restrictive environment than normal school attendance. **Parents may be responsible for the financial obligations of these alternatives to disciplinary measures.**

INTERROGATIONS AND SEARCHES – (RF:BBP:JFG)

I. Searches of Student Property by School Personnel

The following rules apply to the search of school property assigned to a specific student and the seizure of items in his/her possession:

1. There should be reasonable cause for school authorities to believe that articles are kept in the locker, desk or other storage space, possession of which constitutes a crime or rule violation.

A proper search warrant is required for any search of a student's personal property kept on school premises; however, if the police have reason to believe that any item which might pose an immediate threat to the safety or security of others is kept in a student locker, desk or other storage space, searches may be conducted without a previously issued warrant.

5. When it is necessary to remove a student from school, after notifying the school principal, the police authorities should notify the parents. If the

circumstances make it impossible for the police to make the notification to the parents, the school should do so.

3. The activity must end no later than 11:00 p.m. if held on a school night and 11:30 p.m. or as otherwise posted if held any other time.
4. All school rules & policies are in effect.
5. If a guest is permitted, which must happen prior to the event, with administrative approval on the appropriate form located in the office, the guest's conduct is the responsibility of the BHS student.
6. The type of activity determines the manner of dress.
7. Students should remember they are always under supervision of the entire faculty when at a school function and are subject to control by the faculty.
